Work to Ride will be joining us this year. Founded in 1994, Work to Ride (WTR) is a 501 c3, nonprofit community-based prevention program that aids under-resourced urban youth through constructive activities centered on horsemanship, equine sports and education. The group will be demonstrating the sport of Polo using mallet and ball.

And we are working on several educational sessions specifically geared towards the young rider.

This is a brief look at the early plans for Dressage Explorers' Day. Stay tuned for details as they are finalized. Don't forget to like our Facebook page, Dressage Explorers for the latest and greatest updates.
